

REGZA XV SERIES HD READY 1080P LCD TV

ACTIVE VISION LCD PICTURE PROCESSING

**HD READY 1080P
1920x1080P**

FULL POWER DOWN MODE

The innovation keeps coming, with our new REGZA XV series Full HD Ready LCD television, blending superb picture and audio quality and delivering it in our slimmest, most stylish package to date.

It has an On/Off switch; sounds obvious, but now you can choose to turn off your TV completely, rather than leave it on stand-by for software and channel updates.

The 1920x1080p Full HD Ready panel is driven by our acclaimed Active Vision LCD picture processing technology and creates

DYNAMIC CONTRAST UP TO 30,000:1

SRS WOW®

REGZA LINK (CEC FUNCTIONALITY)

high definition images, full of vibrant colours, rendering scenes with an almost three dimensional depth of field.

Exact Scan, pixel-for-pixel image mapping ensures you see all of the picture, all of the time, without cropping the original image. Extraordinary dynamic contrast ratios combine with Luma Sens technology to automatically create perfect image contrast in any room lighting.

Stunning audio performance is guaranteed with SRS WOW technology delivering an expanded audio image.

GAME MODE

3x HDMI™

LUMA SENS

EXACT SCAN MODE

With a dedicated Game Mode; three HDMI connections; a component video input; REGZA Link CEC functionality and a built-in digital tuner, the XV series really is hard to beat.
